Reading, traveling, sports, photography

OBJECTIVE

As a pre-final year student in Computer Science and Design, I am excited to merge my technical expertise and creative vision in a collaborative work environment. I am seeking an opportunity to apply my skills in software development, user experience design, and problem-solving to contribute to impactful projects. My goal is to innovate and grow within a forward-thinking organization that values ingenuity and continuous learning and to drive mutual growth and success through creativity, technology, and design thinking.
